

# Elevated Living

Anything is possible with your Elevated Living tree house. Elevated Living is a locally owned and operated company in Portland, Oregon which specializes in customizable, eco-conscious tree houses. Each unit is engineered for minimal impact to the tree, yet is fully supported by the trunk. Designed with installation in mind, the structure is pre-manufactured off-site and installs in a straight-trunk tree in just a couple of days. Customizable to suit your imagination with options such as ladders, stairs, walls, or whatever else you can dream.
